Allowable Subject Matter

1. Claims 1-11 & 13-39 are allowed.

The following is an Examiner's statement of reasons for allowance:

Claims 1-11 & 13-39 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims including:

“wherein said determining whether or not a spread code used for the communications can be allocated step includes accessing a spread code management table and determining that the spread code can be allocated when there is an unused channelization code” as specified in claims

1.

“wherein the determination obtaining part is configured to determine whether or not the spread code used for the communications can be allocated by accessing a spread code management table and determining that the spread code can be allocated when there is an unused channelization code” as specified in claim 23.

“the allocation allowableness/disallowableness determining part is configured to determine whether or not the spread code used for the communications can be allocated by accessing a spread code management table and determining that the spread code can be allocated when there is an unused channelization code” as specified in claim 38.
